Scholars Court

DEVELOPMENT INFORMATION

CCHA owns and manages the 23 home block as affordable rented general needs and Orbit owns and manages the 12 home block as shared ownership.

This is CCHA's first joint venture site and a testament to the excellent partnership that has developed since 2011. In the general needs block we have incorporated some larger homes (3 bedroom) and some adapted homes to meet the needs of our residents.

The surrounding area is predominantly residential with a mixture of small residential blocks and larger family homes. Being in Central Croydon there are excellent transport links, quick access to the main shopping area and also local schools and park.
